## East Boundary.

the end of 6 miles 54 N. & 61 links intersected  
Town line 12.50 East of the Corner of Towns 34 & 35.  
Ranges 5 & 6 East. I have often been vexed &  
surprised at my closes on the old work. but thought  
this time there must be a mistake in my work.  
so run this line and measured it over. Measured  
the whole of the S. by T. 34 R. 6 and found  
them both entirely correct.

Before I began this tier of Towns, I took the  
bearing of the S. by Town 35. N. R. 6. E. by running  
accurately the W. & S. by Sec 32. I could see our  
post from the other with two Station trees in  
Range. and found the Var. 5.58'E although  
I saw at the same time found the S. by Sec 31.  
did not bear the same. by some 40' but I thought  
that by running at 6<sup>th</sup> would straighten the --
